**Appreciating Delhi Police, DMRC and AIIMS**

It is quite usual that we the people leave no chance in criticising Delhi Police for any lapse. But there are hardly any words of praise on any good things done by police-personnel. Appreciation for nice work encourages and motivates public-servants for better service towards people.

When we were watching TV news-channels for marvellous job done by Delhi Police for its exposure of match-fixing in Indian Premier League (IPL), a plumber Asif Ali (mobile number +919213704052) having come to our residence for some repair-work told his own experience how joint efforts of Delhi Police and Delhi metro Rail Corporation (DMRC) saved his life.

Asif Ali was in metro-rail in the evening of 18.09.2012 when at about 7.30 pm in the evening he suffered a massive heart-attack somewhere near INA metro-station. Persons from Delhi Police and DMRC immediately took him to nearby All India Institute of Medical Sciences (AIIMS) and promptly arranged for best of medical-care when Asaf Ali was unconscious. They could inform his family-members only at about 11 pm when a call from his residence rang on his mobile-phone. Staffers of Delhi Police and DMRC constantly remained with Asaf Ali for his best care till his family-members reached AIIMS at about 1 am on 19.09.2012. Asfa Ali also appreciated doctors at AIIMS for his best care where he is still continuing treatment for heart and brain with special word of appreciation for Dr Anukirti Verma at AIIMS.
