Subject: Appreciation

Dear Sir,

I am writing this as a token of appreciation for the help offered by one of the Officers of Delhi Police. On 22nd January at about 9.45 P.M. myself along with my parent in-laws were waiting for auto in front of Old Delhi railway station. We asked 8-10 autos but nobody was willing to go to Lodi Road, some of them were ready to go but demanded Rupees 150/200. In the mean time the police officer reached and came to know the matter from me in details and arranged one auto for us to reach Lodi road by meter reading. We received the help from the officer without asking for it which is very much commendable.

I salute Delhi police and particularly the concerned officer.

Thank you very much

With best regards

Dr.S.I.Laskar
